Program Description
The Cyber Security certificate is designed to prepare participants with prior computer experience or a previous networking degree with fundamental requisite security concepts and best practices required to implement, administer, and harden operating systems. The curriculum in this program will help prepare students for the EC-Council Certified Ethical Hacker (CEH) certification.

The 18-credit Cyber Security Certificate transfers seamlessly into LSC’s Cyber Defense Certificate (30 credits), Network Administration and Security Diploma (58 credits), and AAS degree (72 credits).

Program Outcomes
• Determine the factors involved in developing a secure information security strategy
• Describe and identify common security threats and attacks and describe how to safeguard against them
• Apply a common ethical hacking methodology to carry out a penetration test and describe how to implement countermeasures for these types of attacks

Pre-program Requirements
Successful entry into this program requires a specific level of skill in the areas of English/reading and mathematics.

English/Reading:
• Eligible for ENGL 1106 - College Composition I, or
• Completion of ENGL/READ 0950/0955 (or equivalent or higher). ENGL/READ 0950/0955 may be taken concurrently with Semester I coursework.

Mathematics:
• Eligible for MATH 0970 - Intermediate Algebra, or
• Completion of MATH 0950/0955 (or equivalent or higher). MATH 0950/0955 may be taken concurrently with Semester I coursework.

There are other ways to qualify. Visit Course Placement (lsc.edu/course-placement) to find out more.

For interpretation of test results and selection of appropriate coursework; or general information about the program, admissions, financial aid, and getting started at LSC, contact the professional advising team (advising@lsc.edu) or 218-733-7601
Cyber Security Certificate - 18 credits
Program Area: Computer Information Systems (Fall 2022)

***REMEMBER TO REGISTER EARLY***
