REMEMBER TO REGISTER EARLY

Program Description
The Aviation Management AAS degree provides a comprehensive background in aviation studies, management, and business, and prepares students for careers in airline operation, air transportation, airport management, airport consulting, aircraft manufacturing, sales, and aviation insurance.

Program Outcomes
- Apply government regulations, security and safety standards, and safety, and environmental concerns to support implementation of appropriate strategic and tactical business methodologies
- Utilize technology to enhance airport and airline efficiency and competitiveness
- Speak and write effectively for professional business communication in the airline industry

Pre-program Requirements
Successful entry into this program requires basic computer skills and a specific level of skill in the areas of English and reading. Program entry will depend, in part, on meeting the prerequisites listed below:
