

Professional Pilot AAS Degree - 60 credits

Program Area: Professional Pilot (Fall 2022)

*****REMEMBER TO REGISTER EARLY*****

Program Description

The Professional Pilot AAS Degree is designed to meet the needs of students who plan a career as a pilot in commercial aviation. The program leads to FAA certification as a commercial pilot with an instrument rating.

Graduates may transfer to a four-year school to complete a Bachelor's Degree.

*Students choose from one of two tracks: **Airplane or Helicopter.***

Program Outcomes

- The Federal Aviation Administration Knowledge and Flight tests for a particular FAA Pilot Certificate or Rating
- Understand the historical developments of the aviation industry
- Be familiar with the various mechanical systems found on typical light aircraft that graduates will likely be operating
- Conduct safe flight operations as it pertains to human factors, aircraft design, environmental factors, industry practices and procedures, evolving technologies, accident investigations and conclusions
- Understand and define the elements of airport operations and their importance to the success, stability, and future of the business community and the aviation industry
