

Carpentry Certificate - 30 credits

Program Area: Carpentry (Fall 2017)

*****REMEMBER TO REGISTER EARLY*****

Program Description

The Carpentry program prepares students to build and repair structures in compliance with existing codes. Students learn skills needed for residential and commercial construction including blueprint reading, material estimating, cabinet building, and framing. Students will work with a variety of hand tools, power tools, and construction equipment, and have learning experiences both on and off-campus.

Program Outcomes

- Frame floors, walls, roofs using wood and steel.
- Install exterior finish components.
- Install interior finish components.
- Coordinate construction activities.
- Perform construction activities safely.
