

Medical Office Specialist Diploma - 50 credits
 Program Area: Administrative Support Careers - Medical (Fall 2016)

*****REMEMBER TO REGISTER EARLY*****

Program Description

The Medical Office Specialist transcribes dictation, prepares correspondence, records, and charts. Persons in this position need to know medical office terminology; be familiar with hospital, clinic, and laboratory procedures; and understand medical laws and ethics. In addition, the Medical Office Specialist may interact with patients, schedule appointments and meetings, work with patient files and records, and prepare insurance forms and billings.

Program Outcomes

- Plan and produce professional written business correspondence and medical correspondence using English and proofreading skills
- Plan and deliver verbal presentations using correct English skills
- Demonstrate keyboarding production proficiency
- Apply ARMA indexing and filing procedures and rules appropriate in a medical setting
- Transcribe mailable dictated medical reports and documents using correct medical transcription skills
- Demonstrate ability to correctly spell, define, and pronounce medical office terminology and/or abbreviations
- Demonstrate proficiency with drug reference books
- Utilize computer productivity software for business applications
- Integrate medical office tasks such as insurance, coding, banking, telephone techniques, billing, and scheduling of appointments
- Apply learned skills and knowledge from the Medical Office Specialist program in an actual or simulated medical setting
- Exhibit ethical behavior, a positive self-image, and professional conduct
- Develop a job search plan, prepare appropriate documents, and exhibit appropriate interview skills
